Hi All
 I am filling in for Judy to day!
 A soft summer breeze graced our pond today and apart from being a bit shifty on the edges the wind stayed pretty consistant throughout. There was a little bit of weed floating up and snagging the odd rudder when you were least expecting it , but other than that it was a great days sailing. I was very impressed with the observance of the rules by all the skippers and penalties were done when infringements took place.
 Congratulations to Colin who sailed very confidently all day, also to Jim and Bill in the handicap series. Graham sailed well in the scratch taking top spot, Bill did very well to stay the distance due to his injured ankle.
