Hi All

A very frustrating day with little or no wind. We only completed 4 races and each race taking forever to finish. Some times we would get a beat to the top mark then a complete wind change having the fleet beat to what was the bottom mark.

Well done to **Dan 1st** who managed the light airs better than most and **Peter 2nd** on count back with **Bill 3rd** not far behind .

Cheers have a great week Bunny [ for Judy ]
