

## Orakei Yacht Club

### Summer Endurance Race - 6th of October 2022.

Ten competitors took to the water despite extreme wind gusts and generally wild conditions. A discussion before the race was held and the decision to make the race a 30 minute event was agreed to by all.

The attrition rate was high with four of the competitors being forced to retire with boat issues during the event. The remaining six battled on with the leading boat (Greg) beginning to take on water and relinquishing his lead to the eventual winner Bruce Watson with Graham Baker very close behind taking second place, Greg holding onto third place, despite carrying the extra water ballast.

Thanks to Robert Ross for being the Official score keeper and Photographer for the day.

*(report from Chris Tudehope)*

The *Endurance* Race Winner - congratulations - Bruce Watson
